

# ABOUT US

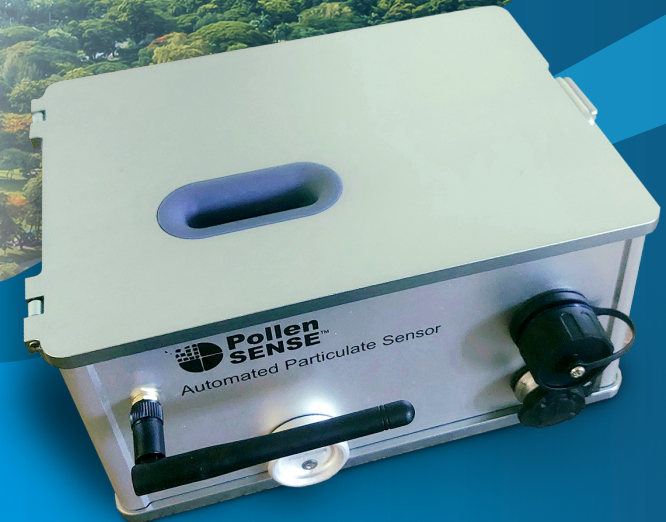

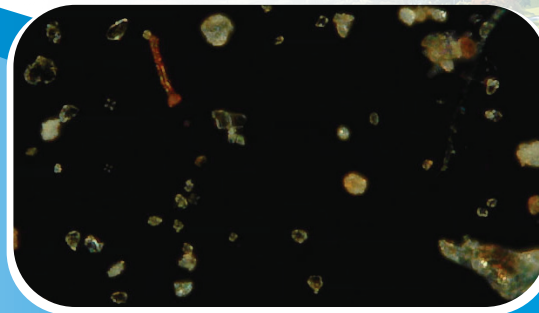

Powered by Pollen Sense

**Tisch Environmental**, a 100% employee-owned company, is the world's premier supplier of air quality monitoring instruments and products. Setting the industry standard for ambient air sampling, we pride ourselves on world-class customer service and the delivery of superior-quality products. Since our inception in 1954 as General Metal Works, our product line has evolved from the pioneering high-volume air sampler to encompass a diverse range of air monitoring instruments and services. Monitoring the air today for a healthier tomorrow. Choose Tisch Environmental, **because clean air matters.**

<b>Data Access</b>	App, Web Portal, API
<b>Power</b>	110V/230V AC
<b>Connectivity</b>	Wifi, Ethernet, Cellular
<b>Size</b>	8 x 6 x 3.5 in (20 x 15 x 8.6 mm)
<b>Weight</b>	7 lbs (3.2 kg)
<b>Operational Temp</b>	14 to 122 F (-10 to 50 c)
<b>Operational Humidity</b>	0 to 98% RH

The APS-400 series particulate sensor is a spore-trap style collection device with an integrated imaging and recognition system. The system is a non-condensing environment designed to recognize particulates in the 1-100 micron range.

**A MUST HAVE APP (POLLENWISE) FOR ANYONE WITH ALLERGIES OR A COMPROMISED RESPIRATORY SYSTEM**

## DATA ACCESS

1. View data on the Pollen Wise™ app (Available in both Apple Store and Google Play)
2. Embed a widget in your website
3. Use our API to customize your data feed

## IS AUTOMATED, REAL-TIME PARTICLE DETECTION WITH CLASSIFICATION RIGHT FOR ME?

### AMBIENT AIR QUALITY

Join the world's largest sensor network providing hourly pollen, mold and allergen counts!

### INDOOR AIR QUALITY

Harness the power of dark field, mobile microscopy combined with AI technology to provide clients indoor air sampling results in near real-time.

### INDUSTRIAL AIR QUALITY

The continuous air monitor sensor solution for worker, community and public safety. Pollen Sense advanced technology provides timely particle identification when where matters most.
